

INPUTDOJO • FOR TEACHERS AND SCHOOLS

# Real content in. Measurable progress out.

Turn any real content into a language lesson — and see exactly how every student is doing.

## What it does for a class

- **Any material becomes a lesson** — YouTube, articles, PDFs, subtitles, or a textbook photo
- **156 illustrated Japanese lessons, ready to assign** — 7 guided tracks from absolute beginner through JLPT N4, kana and kanji included
- **Homework that reports itself** — completion, time spent and unknown words per student
- **Written work marked in place** — inline annotations, rubrics, saved comment phrases, student replies
- **Exam tracks built in** — JLPT N5–N1, HSK 1–9, CEFR A1–C2 readiness per learner
- **No ads, no student fees** — students join free with one invite link, on any device

Scenes from the guided Japanese courses, included with every teacher plan.

## Plans

| Plan               | Monthly      | Annual       | Students     | Included                                                                                             |
|--------------------|--------------|--------------|--------------|------------------------------------------------------------------------------------------------------|
| <b>Teacher</b>     | \$29 / month | \$290 / year | 30 students  | Courses, assignments, per-student analytics, vocabulary insight, AI grammar tutor                    |
| <b>Teacher Pro</b> | \$49 / month | \$490 / year | 100 students | Everything in Teacher, plus multi-course analytics, bulk invites, gradebook export, priority support |

**No ads • Students never charged • Data never sold or used to train models • GDPR-aligned, DPA on request**
